A SNEAK PREVIEW of the 2028 Olympics

researcher Robert C. Valentine 2025

The City of Los Angeles in 1984 had 24 competition sites. It held in 1984, 221 events in 21 Olympic sports.

Her population base in 2020 was 3.879 million. The city was founded in 1781.

The City of Los Angeles in 2024 is about 3.79 million. Yes, it went down. The Olympic opening ceremonies will be held at two places, the So Fi Stadium and the Los Angeles Memorial Colisem, on July 14, 2028. In LA's 1932 Olympics, China had 1 athlete, but in 1984, 215 and it emerged as a powerhouse later .

In the scheme of things, however, one should take into consideration not everyone lives in the city, those who live in Los Angeles County, which contains 88 cities, possessing a base population of 18.4 million people, will be something to ponder. Do you think only some 3 million will see the Olympics? The 1984 recorded the first women' s Matathon and an Olympic record by a dramatice runner from Morocco.. . On top of that, you will see beforehand the world come to Califonia and Kansas for the Olympics; shows that peace can overtake war as it did in 1984.

For 2028, according to LA28 org., moreover, there will be 80 venues (stadiums and sports arenas) as opposed to 24 in '84. There will be 36 Olympic sports, and 23 Paralympic sports. At least 2,000 hours will be televised live. The Olympics of 2028 will be the first Games in 80 years to not build any new permanent venues. The dynamic roster of existing stadiums and arenas, as LA 28 tells us, will be utilized for the summer of 2028. In order of capacity, we have compiled a list of what information is available now. If it held an Olympic event in 1984, that is in black print, while for 2028, the figures will be between red parenthesis as follows [forthcoming 2028.]

The 1984 Olympics--the 2028 Olympics is in the future by Mr. Robert C. Valentine

Trial Version Wondershare PDFelement

1. **The Memorial Coliseum**, 77,500, built 1923, (opening/closing ceremonies, track and field) **[Olympic Opening Ceremony will be in conjunction w/#3, track and field, closing ceremony]** track and field of 2028, said events will occur in the first week, as it occurred in 1968, while swimming will be doing the reverse, for the 2nd week, I bet it has to do with the warmer climate.
2. **Rose Bowl**, Pasadena, 96,000 built in 1922 (soccer) city of Pasadena is about 10 miles from L.A. [soccer aka football 2028, about 5 days after *Euro 2028;* perhaps many European legs will be tired and sore, which is good for the Americas, Asia and Africa] There was no Euro 2026 the yr of the World Cup. Only 5 soccer games will be played at the Rose Bowl, compared to 32 in 1984.
3. **So Fi Stadium**, 70,240, built 2020, in the city of Inglewood, modified to hold 38,000 for swimming, yet still double the size of most aquatic venues; held the Super Bowl in 2022, and will hold the Super Bowl in 2027 plus some soccer World Cup matches in 2026 [opening ceremonies, the largest swimming venue in Olympic history, but will coverup the pools so that nobody falls in, swimming 2028]
4. **Dignity Health Sports Park**, Carson, 27,000, built 2003, home of L.A., Galaxy, [tennis, rugby sevens]
5. **Intuit Dome***, 18,000, aka Inglewood Dome, city of Inglewood built 2024, about 44 miles from downtown L.A. [basketball 2028] *see last page
6. **L.A. Convention Center** West Hall 15,000, East Hall 22,800, built 1971, last expansion 1997, {Main Press HQ in 1984} [judo, fencing, taekwondo, boccia, table tennis 2028]
7. **Crypto.com Arena**, 14,000, home to LA Lakers, LA Kings, LA Sparks, formerly Staples Center, listed in LA 2028 as Arena Downtown Los Angeles, aka DTLA Arena, built 1999, [two of 3

Trial Version Wondershare PDFelement

gymnastics: artistic, trampoline, final of boxing 2028]

8. **Galen Center USC Sports Center**, 10,258, built 2006, near Exposition Park [badminton, rhythmic gymnastics 2028]

9. **Dodger Stadium**, capacity 56,000, baseball first introduced to the Olympics in 1984 [baseball 2028]

10. **Long Beach Convention Center**, 18,000, aka Aquatics Center, built 1978 (volleyball), [water polo and artistic swimming 2028, known as synchronized swimming in 1984]

11. **Long Beach Arena,** 14,000 (held volleyball & fencing in 1984) [handball 2028]

12. **Long Beach Waterfront**, [marathon swimming, triathlon]

13. **Tennis Stadium Center** (Dignity Health Sports Park aka Carson Courts #4), city of Carson, 8,000, built 2006, home to the U.S. Tennis Association's High-Performance Training Center [tennis 2028]

Preceding page: from top, going clockwise, LA Olympics 1984, downtown Los Angeles during the Olympics 1932, past Olympic swimmers Johnny Weissmuller and Hawaiian Duke Kahanamoku, the 1936 Berlin Olympics, the Opening ceremony 1932 Olympics. All photographs are property of author.

* This arena is something else. 18,000 seats w/ parking space of 4,000, several restaurants, w/1,160 toilets. Inglewood w/a huge LED video halo board hanging from the ceiling, with an astounding 200 million LEDs, which is supposed to theoretically let a seated fan get a better look at the game because it is double sided. It theoretically can stretch an acre. Older people may have to watch out for the seating is at a steep incline. Each seat has a charging port for you Smartphone. I am told the lower seats have horizontal bars in front of your seat that for short people messes up your view. The Intuit Dome has exterior panels in the form of a basketball net, or diamonds, took 7,000 construction workers to construct entire complex. INTUIT paid $500 million to have their name and logo for the next 23 years. The roof's foundation houses nearly 300 solar panels, and it has a special plumbing system which is claimed to save 7.5 million gallons of water annually. For team members it has a small exterior basketball court plus xtra interior full-sized courts, with state-of-the-art workout machines. A large social-retail plaza surrounds the basketball structure. A list of the Paralympic Sports will be given at a later date, and pictures will also be provided at a later date.
