*Today, you are beholding an in-depth review on Fatima, and related international topics, a supplement to **Alert: For The Times, Book of Secrets**. A variety of resources have been compiled for this compendium that speaks to our day. This compendium is not for the light of heart or weak. Case in point, Wormwood, which relates to the generations of today. Ten decades is a long time since the words of Fatima were first revealed. Wars, societal changes, counter-culture revolutions, have elapsed. Fatima is not alone, as new descriptive warnings like Akita and Garabandal have arisen while humanity has been, and still is, given new crowns of technologic achievements. Solar energy, bio-optic scans, nano-bods, Earth Day, random access coded robotics, gene-splicing, cyber crime did not exist some fifty to sixty years ago. The world is in need of reminders where it has been. Wormwood, which translates into Chernobyl, pensive travellers worst nightmare of a ghostly past, leads the cavalcade of man's destiny if the words from God's warnings fail to be heard.*

**keypoint 196** December 11-19, 2006: The important Gulf Stream temporarily falters in the Atlantic.

**keypoint 197** December 2006: Albuquerque is hit with 15 in. of snow. Oil Exxon Mobile posts \$39.5 Billion profit (in 2005 they had \$36.13 Billion in oil profits.) Nearly \$37 billion appropriated by Congress for Iraqi reconstruction has been spent. U.S. secret agents from the Dept. of Homeland Security posing as arms dealers meet several times before a sting operation traps Nasratollah Tajik, a rich businessman from Iran, in London who was buying high-performance night vision goggles. (First time such an operation was conducted by said agency on foreign soil and not by CIA or FBI; hotel sting was secretly filmed, too.) Lee Raymond Chairman of ExxonMobil retires with a special retirement package valued at \$168 million: source *CNN*. 500,000 without power in St. Louis, Missouri. The Midwest is beset by horrific December winter storms, which continued in January. Several hundred birds mysteriously drop dead from the skies over holiday town of Esperance, Australia, in mid December; within a month the tally reached several thousand birds including some in Austin, Texas. 2006 was the warmest year on record (avg: 55°F) for the United States, 0.07°F warmer than 1998. About two million children are taught schooling at home nationwide. A young Muslim, Derrick Shareef, 22, a U.S. citizen from Rockford, Ill., was caught and stopped before he blew up people in the CherryVale Shopping Mall in the Midwest during Christmas; caught while trying to swap stereo system for grenades—about 90 miles northwest of Chicago.

**keypoint 198** April 4, 2007: Sec. of State Cardinal Bertone was appointed special administrator in Vatican to act as Pope in case something happens to the Pope. He, like predecessor Cardinal Angelo Sodano, never had admiration of Our Lady of Fatima.

**keypoint 199** May 3, 2007: David Booth appears on *Coast To Coast AM* with George Noory and tells a shocked radio audience (sometime a little after 1 a.m. Pacific time) he is a relative of Sister Lucia.

**keypoint 200** Second most powerful man in the Vatican Cardinal Bertone publishes own book *The Last Visionary of Fatima* on May 10, 2007 as a determined response to discredit and refute both Paolini and Socci. Title later changed to *The Last Secret of Fatima*.

**keypoint 201** June 21, 2007: Paolini corroborates *The Fourth Secret of Fatima* by responding in a positive manner to what still-living Capovilla had said.

**keypoint 202** July 7, 2007: Pope Benedict XVI issues an official document *Summorum Pontificum* translated Of the Supreme Pontiffs, effective Sept. 14, permitting priests to celebrate the Sacrifice of the Mass in Latin, stating officially it “was never abrogated” and granted greater freedom for any priest to say the mass in Latin (Tridentine Mass) without any disharmony.

**keypoint 203** Sep. 21, 2007: Cardinal Bertone goes on Italian Telepace network to launch his book and to discredit Socci’s book. The press is invited. Journalist Socci goes but security guards manhandle him and remove him from the premises. But before he has his butt kicked, he was able to play for the assembled journalists an audio tape of Capovilla saying “besides the 4 pages [of the vision described on June 26, 2000] there was also something

else, an attachment, yes.” In other words, another secretive piece of the Third Secret.

**keypoint 204** In *Catholic World News*, Oct. 15, 2007, it reports the Vatican passport of Archbishop Milingo was confiscated; he was excommunicated in 2006 for wrongful ordination of married men. IBM POWER6 chip debuts in 2007, equivalent to 789 million transistors.

**keypoint 205** According to the prophecy of Garabandal, all popes after John Paul II are part of the end times, post 2005 is a world of a confused Vatican II, vice, promotion of homosexuality, corruption, pedophilia, the rise of the 3rd A/C. By year's end, Somark Innovations of San Diego reports RFID ink tattoos placed on tails of laboratory mice to monitor and identify as successful, chip-less IDs, numbers and bar codes that can replace the chip with special innovative ink and according to co-founder Mark Pydynowski, their RFID ink is fully biocompatible and safe for use in humans: the tattoo of Somark.

**keypoint 206** September 8, 2008 Fr. Andrew Apostoli C.F.R. flew to Kazan, Russia and 5 days later helped install an image of Our Lady of Fatima in the First Catholic Church in Kazan with no interference.

**keypoint 207** October 2008 insider to the Vatican, Msgr. Mario Marini reveals to historian Rev. Paul Kramer that the Catholic hierarchy has their hands tied by evil dark forces.

**keypoint 208** Oct. 3, 2008: biggest tax increase in U.S. history when Congress passed the 451-pg financial aid package. 2008 Financial debacle: World Depression/recession strikes globe.

**keypoint 209** On May 13, 2009, in a surprise exclamation, Pope Benedict XVI states publicly, “You promised the three children of Fatima...in the end, My Immaculate Heart will triumph. May it be so!”

**keypoint 210** Directed by Ian and Dominic Higgins May 13, 2009 World premiere of Fatima movie *The 13th Day* at the Marche Du Film in Cannes Palais F seen at the Cannes International Film Festival.

**keypoint 211** May 2009 issue of *The Fatima Crusader*: Rev. Paul Kramer states a German theologian Rev. Ingo Dollinger (*r with Saint Padre Pio*), a long-time friend of then Cardinal Ratzinger revealed to Dollinger what a part of the Third Secret is; the news largely escapes the world.

**keypoint 212** April 2010: First human infected by a computer virus: British scientist Mark Gassons demonstrates how a computer virus can wirelessly infect a bio-chip body implant and then be transmitted to other systems.

**keypoint 213** May 4, 2010: Giuseppe DeCarli co-author of *The Last Visionary of Fatima* admits to the conference of “Fatima Challenge” in Rome that the Third Secret is also valid today. It is not just relegated to the past. On July 13, 2010, he

passed away.

**keypoint 214** May 11, 2010: Pope Benedict XVI made stunning exclamations by warning the Third Secret is not just of past events, and also warns the greatest persecution against the Catholic Church arises from sins within the Church and not from enemies outside.

**keypoint 215** May 13, 2010: Pope Benedict before an audience of 500,000 people states, "Whoever thinks that the prophetic mission of Fatima is concluded deceives himself." "May the seven years which separate us from the centenary of the apparitions hasten the fulfillment of the prophecy of the Triumph of the Immaculate Heart of Mary, to the glory of the Most Holy Trinity," he also stated. This passage and those from 2009-2010 are not easily seen by the ordinary lay person, which seem to indicate that the period of the restoration of the Church which takes place after the minor apostasy may be connected in some way to the year 2017. As Catholic writers say there will be The Great Apostasy which will take place during the reign of the Antichrist, but some also believe it cannot take place until the restoration of the Church has taken place during the ministry of the Two Witnesses. What if there is another period found in both Scripture and private prophecy which concerns a separate falling away from the faith and which takes place before the restoration of the Church, a "minor apostasy"? I do believe we are in a period of apostasy that is not the end-time of the Bible and the perspective 2nd coming of Jesus. Benedict is the Glory of the Olives Pope. The Pope that came after *De Labore Solis*. I for one am in agreement with those who state that this prophecy was fulfilled in the pope's choice of title Benedict, as St. Benedict is associated with a branch of Benedictines. St. Benedict is founder of the Benedictines; a sub branch, the Olivetans, have been encharged to warn and prepare the people for the Little Apocalypse. The prophecy clock has started and Pope Benedict knew it. That is why he chose the name associated with the order that has a special duty by God. The Sun/Oracle computer 16-Core SPARC T3 chip debuts, equivalent to one billion transistors. May 2010, The Rockefeller Foundation, with offices in NY, Washington DC, Bangkok, Nairobi and Bellagiom Italy, GBN Global Business Network release a document that sounds like concocted by a Hollywood writer, *Scenarios for the Future of Technology and International Development* outlining 4 scenarios including a global pandemic, believed started by geese, that "blanketed the planet--though disproportionate numbers died in Africa, Southeast Asia, and central America, where the virus spread like wildfire..." and "The Chinese government's quick imposition and enforcement of mandatory quarantine for all citizens, as well as instant and near-hermetic sealing off of all borders, saved millions..." (pg 18) and, "During the pandemic, national leaders around the world flexed their authority and imposed airtight rules and restrictions, from the mandatory wearing of face masks to body-temperature checks at the entries to communal spaces like train stations and supermarkets. Even after the pandemic faded, this more authoritarian control and oversight of citizens and their activities stuck and even intensified." (pg 19)—a future plan or a proposed scenario of a possible contagion which could happen? Note the present tense of lines, it was a proposed plan written in 2010 as if it were pre-designed to usher in a new order and true to influence, and intimidate, the masses of a range of possibilities in the future, including the death of thousands in the London Olympics, which never happened.

**keypoint 216** At least 40,000 Russians died as a result of a horrible heat wave in 2010. Same-sex marriages become ratified in Portugal on June 5, 2010, 8th nation in the world to

politically recognize it.

**keypoint 219** May 1, 2011: bin Laden is killed. 10th year war depleting U.S. Treasury.

**keypoint 220** May 2, 2011, a day after beatification of John Paul II, he was reinterred within St. Peter's Basilica in the Chapel of St. Sebastian above ground, in violation of explicit orders of March 13, 1992 by Bl. John Paul II to be buried in the ground and not in a sarcophagus.

**keypoint 221** Author Christopher Ferrara of *The Secret Still Hidden* not only sells over 50,000 copies in print, but receives an endorsement in the Aug-Sept 2011 issue of *Inside the Vatican*,

where it is reported that editor Robert Moynihan and the late Archbishop Pietro Sambi, Papal Nuncio to the United States, were discussing the 3rd Secret of Fatima and the response of Bertone, which was that there was nothing more to be revealed. Archbishop Sambi told him, as related in the article between Moynihan and Sambi, "Excuse me."

He got up and went out of the room, and came back with a book." "Do you know this book?" he asked Moynihan.

It was a copy of *The Secret Still Hidden* by Chris Ferrara. But, Moynihan then posed this question, "You are the Pope's representative in the U.S. and you are urging me to read a book that questions what the Secretary of State wrote?" Sambi told him: "All I am saying is that there are interesting things worth reading in this book. And in the end, we are all after the truth, aren't we? The truth is the important thing."

Cardinals Jorge Bergoglio and Tarcisio Bertone.  
Bergoglio became Pope Francis I.

**keypoint 222** Passage from Nostradamus' 1558 letter to the King of France, in reference to a person who will chase and vanquish the 3rd A/C: proceeds from the 48th°, "will make a transmigration, chasing away the abomination of the Antichrist, who will make war upon the royal persons of the Pope...." So, if we notate keypoint #119, we can conclude the arrival of the next A/C and a time-frame of when the dethroner of this A/C shows up on the world stage: the big question is, will the dethroner (savior of Christianity?) battle this A/C before, after or during the destruction of the 7-hill city? And, a Great Miracle? Is the revolting punishment on the 7-hill city part of the chastisement? In the end, the Judge will judge the

people. And from our tip-off via another Marian apparition, it is due after the Great Miracle which will be televised. The punishment “would be worse than having fire on top of us, fire underneath us and fire all around us.”

**keypoint 223** Account of historic proportion of weather in 2011: As if to highlight the importance of worsening weather thesis, syndrome, God’s punishment, coincidence, weather array—call it what you will—veteran Director of National Weather Service (NWS) old timer big-shot Jack Hayes makes claim he had never seen a year like 2011 with every conceivable type of weather. By the way, one must mention 2004, the year of record winds, was almost toppled in 2011. One aspect in 2011 were the tornado counts which made it to 1,704, but did not topple the record of 2004: 1,722. The prediction of Major Dames about 2004 amazingly still stands.

**keypoint 224** July 23, 2012: Gigantic CME misses earth.

**keypoint 225** Oct 23, 2012: Rev. Gruner and Chris Ferrara address the international press corps of the European Union Parliament in Strasbourg, France, for a declaration by the EU Parliament to formally request the Pope for a consecration of Russia for world peace and the serenity of all European peoples; petition is subsequently approved by the Petitions Committee for presentation to the legislation.

On July 9, 1962, a nuclear explosion was conducted in outer space, about 240 miles above Earth. Energy in the form of light, heat, and vast amounts of x-rays and gamma rays was released. The flash (right) was captured above Honolulu, 1,445 km away. (Below) Lightning bolt struck the dome of St. Peter February 11, 2013, at 5:55 pm, and not once but twice. Did you know that on Oct. 26, 1958, the Cardinals elected Federico Cardinal Tedeschini as Pope at 5:55 pm. Then he got moved out so to speak and John XXIII became Pope, Oct. 28. Planned Chinese moon city.

**keypoint 226** Megastorm Sandy hits October-November 2012. It severely affects quite a number of people, over 60 million people. Weather worsens.

**keypoint 227** First President of the United States elected (reelected Nov. 7, 2012) who forces nation to remove Biblical barriers considering immorality of homosexuality, ordering to initiate a political change and acceptance of homosexuality as normal way of life. A beacon for the homosexual-Lesbian community. An act of nationwide anti-Catholic policy. Microsoft unveiled the Xbox One Main SoC chip, equivalent to 5 billion transistors.

**keypoint 228** Feb. 11, 2013: Leader of 1.2 billion Catholics, Pope Benedict XVI announces will retire; a great lightning bolt struck the dome of St. Peter.

**keypoint 230** Benedict resigns as Pope Feb. 28, 2013. **GLORY OF THE OLIVES POPE ENDS HIS PAPACY.** In the *Lignum Vitae* the following is a separate line and curiously enough, it is also a paragraph of its own: "In the final persecution of the Holy Roman Church, there will sit," PETRUS ROMANUS, as enumerated in *Alert For Times*. Cardinal Bertone, fluent in Spanish, French, German and Portuguese, follows *The Glory of the Olive* and is temporarily in charge, acting head of state of Vatican City.

All major English news media missed reporting it.

**keypoint 234** June 23, 2013: Franciscan Father, Francois Murad, is shot along with two other people (not beheaded as originally believed), by Muslim jihadists in Gassanieh, northern Syria.

**keypoint 235** June 28, 2013: A crowd of 3 million in Copacabana Beach in Rio de Janeiro see Pope Francis celebrate the final Mass of his visit to Brazil.

**keypoint 236** October 12, 2013: Tens of thousands gather in St. Peter's Square Rome for the recitation of the Holy Rosary and Mass and the welcome of the statue of Our Lady of Fatima—it is only the 11th time since the original statue (made in 1920) was removed from the Portuguese Marian shrine. All summer, press statements had touted that the Holy See would do a consecration. Amidst the people was Rev. Gruner praying his Rosary when Dominic Giani, Chief of Vatican security, and an undercover guard named Alexandrino, both in plain clothes, sternly ordered the old priest to refrain from any approach of the Pope as he was being watched; over the weekend Gruner's staff and volunteers had handed out 200,000 issues of *L'Ossevatore di Fatima* with copies of *Il Tempo* to the public telling the story of Fatima with details. (Rev. Gruner, in white beard, passed away in 2015 RIP.)

**keypoint 237** Pope Francis on Sunday, October 13, 2013, conducted a ceremony before some 150,000 people gathered in St. Peter's Square. He has the statue of Our Lady of Fatima with the assassin's bullet in the crown brought to St. Peter's Square. At the end of Marian Day, Vatican Radio and the *National Catholic Register* (U.S.) declared: "Pope Francis Consecrates World to the Immaculate Heart". However, the prayer Pope Francis recited on Oct. 13th did not mention anywhere "Immaculate Heart"; neither were these words recited in his declaration: the "world" or "Consecration". [Actual prayer by Pope Francis is found at the end of this compendium.] The Fatima question of consecration arises because if done as requested by the Blessed Mother, a period of peace would be granted to the world. IS THE WORLD IN PEACE?

**keypoint 238** Nov. 8, 2013: Super Typhoon Haiyan (aka Typhoon Yolanda) one of the strongest storms recorded on the planet, struck the Philippines; killed at least 6,300 people in that country alone; about 11 million people affected.

**keypoint 241** Popes John Paul II and John XXIII declared Saints in a joint ceremony on April 27, 2014, despite John XXIII having only one official miracle attributed to his intercession. He was not canonized by the Congregation for the Cause of Saints; no second miracle was attributed to his intercession, but was named a saint due to the proposal of Pope Francis I. First time in centuries a saint was proclaimed without the need for a 2nd miracle and without even being made a martyr. Since 1963, the Vatican could not find a second miracle attributed to him. John Paul's first miracle was the curing of a 49-year old French nun Sister Marie Simon-Pierre Normand from Parkinson's Disease; the second was the recovery of a brain illness for a Costa Rican woman who prayed to him. Pope Francis also names anti-Fatima heretic monk Enzo Bianchi as Consultor of the Pontifical Council for the Promotion of Christian Unity in July; Bianchi believes the Mother of Jesus is "not a suitable model for the promotion of women in the Church." He and Cardonnelo are labeled as grotesque Catholics when they denounced Fatima as an expression of "a God of Catholic racism".

**keypoint 256** April 6, 2016: A thoughtful plan that is neither ambitiously precise or short, and offers nothing to "unconfuse" adds more than a mere idea of dialogue when a new document on Catholic moral theology is released by Pope Francis I, called *Amoris Laetitia* (the Joy of Love); in essence an unprecedented approach in the treatment of disordered acts, including homosexuality, adultery, fornication, in which morality can be depended on each person's unique conscience and theoretically, morality can have an infinite disbursement, a new program of fidelity to God, but not that new because in past decades was called "situa-

tion ethics” and which was historically condemned by Pope Pius XII.

**keypoint 257** May 11, 2016: Italian parliament approved a law recognizing same-sex civil unions, married or unmarried, with 372 voting in favor, 51 against and 99 abstaining. Majority of Italians still oppose same-sex marriages. Prominent gay figure Tim Cook, the CEO of Apple, approved it.

**keypoint 259** In a controversial blog May 15, 2016 *OnePeterFive*, a disclosure is made concerning The Third Secret of Fatima, a description written by Dr. Maiké Hickson about her phone conversation with Rev. Ingo Dollinger, who told her of the meeting between himself Dollinger and then Cardinal Ratzinger in 2000, when the Third Secret was made public and that it differed to what Ratzinger had revealed to him a prior decade before. Farrell to lead the newly created Pontifical Council of the Laity, the Family and Life; Farrell had once appointed a homosexual as a parish priest, but the mistake was corrected and that pro-gay priest was sacked.

\* The Brown Scapular is two pieces of brown wool joined by ribbon or chord. By putting it on, a person places him/herself under the protection of Her Mantle. The Brown Scapular is part of a religious habit belonging to the Carmelite order. Devotion for the Scapular of Our Lady of Mount Carmel was born in the 13th century when, after having been chased from Palestine by the Saracens, the Carmelite brothers encountered great difficulties in getting established in Europe and maintaining themselves there; in fact, it was during those tragic times that St. Simon Stock, elected Prior General of the Order in 1247, had, a few years later, an apparition of the Blessed Mother presenting the Scapular to him as a sign of salvation for his brothers. This cloth was part of Our Lady's garment. But, the Scapular devotion is traced back to the prophet Elias (Third Book of Kings) of whom his followers erected a chapel on Mount Carmel some days after Jesus ascended into Heaven. Our Lady appeared to Bernadette at Lourdes dressed as Our Lady of Mount Carmel, and also to the children at Fatima. Anecdotes abound of the miraculous powers of the Brown Scapular, for instance Edward II, whose grandfather Henry III rebuilt Westminster Abbey, was one of the first princes to wear the Scapular, and upon the time when his armies after suffering 2 defeats and were on the verge of complete surrender, he invoked prayer and protection, and if he be granted victory, would establish a monastery of the Order of Mount Carmel. He won and in 1318, he granted buildings to the Carmelite friars at Oxford. But too bad, he changed in his later years--some say involving sex-- and met a horrible, screaming death at age 43. He was murdered by Englishmen at Berkeley Castle who pinned him beneath a mattress, pushed a horn into his anus and inserted a red-hot poker thereby burning out all his internal organs in 1327. He had not his Scapular. Various other stories are more positive, such as military battles won or when in 1845, off the Cape of Good Hope, an English ship was sailing to Australia when it was hit by a terrifying hurricane, and almost sunk, but were it not for a young Irishman named John McAuliffe who took off his Scapular as the waves were pounding on the ship, made the Sign of the Cross, called out to the Blessed Mother, and threw it into the wild seas. Then, the waves calmed down. One wave splashed onto the wooden ship, and carried by that wave, which splashed onto the ship, was the return of the Brown Scapular. It would sound like a fishy tale until you know that a Protestant minister was an eyewitness to the whole story. His name was Mr. Fisher. There is a more immediate story to relate, and it occurred in the German town of Westboden, when in 1957, a row of houses caught fire. The flames flew wild and vicious, and after 5 hours, about 22 homes were reduced to ashes, except one. A German Catholic had pinned a Brown Scapular to the main door of his house. It was the only house left standing, and many people went there after the fire to witness the power of the Scapular and the intercession of the Blessed Mother.

The curtain also fell on 30 Ethiopian Christians. Their only crime? They were Christian. Scene of memorial services in Ethiopia. What can stop such atrocities? Our Lady of the Rosary can stop them.

The beliefs of those who want real war stretching it in the name of Allah versus the believe in Our Lady of Fatima. Upper right is Brother Michael.

# THE ACT OF ENTRUSTMENT TO MARY

## Pope Francis:

October 13, 2013

Blessed Virgin Mary of Fatima, with renewed gratitude for Your maternal presence we unite our voice with that of all the generations who call You blessed.

We celebrate in You the great works of God, Who never tires to incline with mercy on humanity, afflicted by evil and wounded by sin, to heal it and save it.

Accept with the compassion of a Mother the act of entrustment which today we make with confidence, before this Your image to us so dear.

We are certain that each one of us is precious to Your eyes and that nothing which dwells in our hearts is unknown to You.

Let us reach Your sweet gaze and receive the consoling caress of Your smile.

Guard our life in Your arms: bless and strengthen every good desire; revive and foster faith; sustain and illumine hope; create and enliven charity; guide all of us in the path of holiness.

Teach us Your same preferential love for the small and the poor, for the excluded and the suffering, for sinners and the lost: gather all under Your protection and give all of us to Your beloved Son, our Lord Jesus.

French King Louis XIII is best remembered for maintaining religious freedoms, the 30 years war and the expansion of France into the America's, but he also did something quite unusual in 1638, he put his absolute trust on Maria, the mother of God for the birth of a royal heir. For 24 years there had been no heir to the throne but he did a vow of consecration of his person, his family and the nation of France to Our Lady of the Assumption, and Louis XIV was born. This was also an era of witch-hunting, stemming from medieval witchcraft, satanism and the Black Mass. The wife of the lover of Louis XIII's mother, after she was kicked out from the realm, was burned at the stake. To your right is an illustration of *Witches' Sabbath* by Martin van Maele.
